Chapter 3. Global and Local Change: The End of Stationarity

1. Climate Change
   1.1. Theory and Prediction
   1.2. Observation
   1.3. Indirect Effects

2. Land-Use Change
   2.1. Deforestation: Watershed Effects
   2.2. Deforestation: Impacts on Precipitation
   2.3. Managing Forests for Water Supply
   2.4. Desertification
   2.5. Urbanization

3. Managing Change
